LG Gallery TV AI with frame LX7 4K ART TV

Discover the LG Gallery TV, designed to transform any space into a personalized home gallery. From seamless spatial harmony with its customizable style, the LX7 allows you to easily switch between attachable gallery frames to match your interior aesthetic. When not displaying art, it functions as a premium 4K television, delivering stunning visual clarity and smart functionality. Easily navigate your content on the webOS platform, utilizing LG ThinQ to curate intelligent, personalized AI recommendations tailored just for you.

- Available Sizes: 55", 65"

GALLERY DESIGN WITH ATTACHABLE FRAME

Features an ultra-slim profile and flush mount design that blends seamlessly into your décor. The attachable frame transforms your TV into a piece of wall art, creating a refined, gallery-inspired look that enhances your space.

MINI LED & DYNAMIC QNED COLOR

Mini LED Technology uses thousands of tiny lights to deliver exceptional brightness and deeper contrast, while Dynamic QNED Color uses advanced color technology to bring your favorite movies, shows, and curated artworks to life.

MATTE DISPLAY & AMBIENT SENSORS

Matte Display with reflection-free technology helps reduce glare from windows and indoor lighting. A Built-in Motion Sensor detects your presence, and Auto Brightness Control adjusts the screen based on ambient lighting.

AWARD-WINNING WEBOS & AI EXPERIENCES

Navigate endless content effortlessly. It features an award-winning Smart TV platform secured by LG Shield, utilizing LG ThinQ for intelligent, personalized AI recommendations.
