Features & Benefits

Ergonomic

DishDrawer™ dishwashers are as easy to open and close as kitchen drawers and can be conveniently positioned at counter height so loading and unloading requires minimal bending.

True Half Load

Each drawer holds a true half load for guilt-free small washes and fast turnaround of your dishes. Both drawers operate independently so different wash cycles can operate simultaneously to accommodate a variety of loads.

Reliable Performance

The combination of intelligent technology and simple mechanics means more space for your dishes, greater reliability and excellent wash performance.

Easy to Load

DishDrawer™ dishwashers include a range of flexible racking options. The cutlery basket can be customized for different utensils. Folding tines can be folded flat to accommodate a full load of pots. Pitch-adjustable tines can accommodate normal plates, deep bowls or slide completely out of the way. Height-adjustable cup racks allow for different shapes and sizes and provide wine glass supports.

A history of innovation

Find out what inspired the world's first dishwasher in a drawer 20 years ago and the incredible journey that followed.
