

moderncomfort™

Cool. Comfortable. Supportive.

Serta CoolWick™ Breathable Cover

This fabric cover eliminates all traces of humidity, wicking away moisture from the body and dispersing it across the fabric for rapid evaporation, also reducing static build-up.

Serta PureComfort™ Gel Foam

This soy based foam is infused with gel to provide cooling right at the sleep surface, and helps to keep you at the right temperature for a more comfortable sleep.

6" PureComfort™ Foam Support Core

This soy based foam support system was designed for all-over body support and long-lasting comfort.
