SAMSUNG

25 cu. ft. 3-Door French Door Refrigerator with Beverage Center™ & AutoFill Water Pitcher

Signature Features

Beverage Center™ & AutoFill Water Pitcher

Get quick access to refreshingly cool, filtered water two ways: Refill either using the internal dispenser or the built-in pitcher that automatically refills, with the option to infuse with a flavor.

Dual Auto Ice Maker

Enjoy your favorite beverage with your choice of ice. Select from cubed ice or Ice Bites™ that chill your drink faster.

Large Capacity (25 cu. ft.) with SpaceMax™ Technology

Store more food with a spacious 25 cu. ft. interior. Unique SpaceMax™ technology uses special high-urethane insulation that enables the walls to be much thinner without compromising energy efficiency. It creates an extra 5 cu. ft. of storage space.*

*Based on internal testing, compared to the RF20A model.

Internal Water Filter

Seamless design with an internal water filter integrated into the fridge. Keeps your water fresh.

Installation Specifications

1. Measure the height, width and depth of the opening, making sure to include baseboards, molding tile, countertop overhang, etc. Check to be sure there is enough room to open the door (consider walls, islands or other obstacles when measuring).
2. Refer to illustration below to determine dimensions.
3. Allow 3¾" of clearance on hinge side of refrigerator when installing next to a wall where door may make contact.
4. Allow 2" minimum clearance at rear for proper air circulation and water/electrical connections. Allow a " minimum clearance at sides and top for ease of installation.
5. Ensure each door and entryway in the home is wide enough for the refrigerator to be moved through easily.

For optimal usage and ability to open refrigerator doors completely, do not install next to a wall.

Please note: The following dimensions and cutout information is for planning purposes only. For complete installation details, consult manual packed with product or download manual online at samsung.com.
