|                 |                                             |
|-----------------|---------------------------------------------|
| Product Family  | Refrigerator                                |
| Installation    | Built-in                                    |
| Category        | Bottom Mount                                |
| Cooling type    | Fan assisted refrigerator, no-frost freezer |
| Defrost         | Automatic                                   |
| Hinge type      | Door on door                                |
| Hinge position  | Right                                       |
| Reversible door | Yes                                         |
| EAN code        | 8017709246884                               |

## Aesthetics

|               |                 |                              |                   |
|---------------|-----------------|------------------------------|-------------------|
| Finishing     | Panel-ready     | Color of glass shelf profile | White             |
| Material      | Stainless steel | Display                      | LED               |
| Side material | Steel           | Display position             | Interno (sul Top) |
| Logo          | Silk screen     |                              |                   |

## Refrigerator compartment features

|                                        |                                                              |                                 |       |
|----------------------------------------|--------------------------------------------------------------|---------------------------------|-------|
| Number of compartments                 | 2                                                            | Shelves material                | Glass |
| Compartment types                      | Low temperature compartment, Fruit and vegetable compartment | Crisper Cover                   | Yes   |
| No. of adjustable shelves              | 3                                                            | Low temperature compartment     | Yes   |
| Number of fruit and vegetables drawers | 1                                                            | Type of internal light (fridge) | LED   |

## Refrigerator Inner Door

|                                            |   |                                  |     |

## Logistic Information

Width 21 7/8 "  
Depth without handle 21 7/16 "

Height 71 7/16 "

## Symbols glossary

|                                                                                   |                                                                                                                                                          |                                                                                   |                                                                                                                                            |
|-----------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
|   | 4 stars freezing compartment for better food preservation.                                                                                               |  | The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.            |
|   | LED display: to show programmes, functions and options selected and the time to the end of the cycle.                                                    |  | Economical mode: Analyzes fridge functioning during the activation and optimizes the operating cycle in order to reduce power consumption. |
|   | Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.               |  | Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.        |
|   | Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.                                            |  | LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.                      |
|   | Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption. |  | Built-in niche                                                                                                                             |
|  | No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.                                                |                                                                                   |                                                                                                                                            |
