Electrical	
Volts	120.0
Watts	1800.0
Plug Type	3 Prong Cord

Electrical Requirement	
Power Cord Length Ft	6

Features	
Base Material	Die Cast
Drive System	Metal Coupler
Jar Style	Square, Single-Wall Jar
Pre Set Recipe Programs	

The new Commercial Series Blender has everything you need to power through your day. The powerful 3.5HP* motor blends a margarita in just 22 seconds, and the 60-oz BPA-free jar is engineered to optimize performance, with beveled corners that allow for clean pouring from three sides. The die-cast metal motor base stands up to rough kitchen and bar conditions, and comes with a 3-year hassle free warranty.*Motor horsepower for our commercial blender motors were measured using a dynamometer, a machine laboratories routinely use to measure the mechanical power of motors. Our 3.5-horsepower (HP) motor reference reflects the horsepower rating of the motor itself and not the commercial blender's horsepower output to the blending vessel. The output horsepower to the blending vessel will be somewhat reduced.

Top Features

Unique Asymmetric Stainless Steel Blade

Cord Cleat & Detachable Cord for Easy Storage and Replacement

Simple controls + icy drink program for quick operation
