

Designed for modern households, Hisense Top Mount 18 cu. ft. refrigerator offers spacious storage for all groceries and weekly needs. ENERGY STAR certified for improved efficiency and lower energy costs. Reversible door allows flexible installation, while garage-ready design ensures reliable performance across temperature changes. Total No Frost eliminates defrosting, and Multi Air Flow keeps even cooling for lasting freshness throughout.

Large Capacity

Hisense's 18 cu. ft. large capacity refrigerators ensure you store any shape, size or type of food, meeting all your weekly shopping needs.

ENERGY STAR Certified

With our ENERGY STAR Certificate, experience year-round energy efficiency, cost savings, and environmental impact reduction, contributing to a greener planet.

Reversible Door

The reversible swing allows you to adjust the fridge door for better accessibility in your unique kitchen.

Garage Ready

Keep your Refrigerator in the garage worry-free! Hisense Refrigerator performs from 3°C to 43°C (38°F to 110°F), ensuring optimal storage in any weather, all seasons.

90° Door Design

Gain full access to your freezer drawer items, even with the door opened at 90°. Perfect for tight kitchen spaces

Total No Frost

Total No Frost technology ensures the unit against frost build-up, so there's no need to move the frost anymore.

Multi Air Flow

Hisense Multi Air Flow system evenly distributes cold air to maintain a consistent temperature throughout the fridge and freezer, keeping food perfectly chilled wherever it's placed.

Gallon Door Storage

Hisense's gallon door bins fit tall items like gallon jugs or 2L bottles, freeing up space and keeping essentials within easy reach.

Recessed Handle

This modern design with luxurious recessed handle is intended to fit perfectly into any existing kitchen design.

Brighter and more efficient

The Bright, cool, and energy-efficient LED lighting, enables clearer and deeper overview of fridge content.
