

PX4 PRO

80"-200" 4K RGB Triple Laser Ultra Short Throw Laser Cinema

Experience immersive cinematic and gaming action with the Hisense PX4 Pro's 80–200 inch 4K display, certified for Dolby Vision and IMAX Enhanced. Enjoy a 6500:1 native contrast ratio for deeper blacks and brighter whites, along with 3500 ANSI Lumens for vivid, colourful viewing. As the world's first Ultra Short Throw laser cinema certified by AMD FreeSync™ Premium, it also delivers tear-free, low-latency gaming. Transform your home entertainment with the Hisense PX4 Pro.

Adjustable Projection Size

Utilizing ultra short throw technology, the PX4 Pro creates vivid, lifelike images, from 80 inches to a giant 200 inches. Just place the projector at the right distance from your wall to deliver the perfectly sized picture for your room, even in a compact space.

IMAX Enhanced & Dolby Vision

Be fully immersed in your viewing experience. The PX4 Pro supports IMAX Enhanced and Dolby Vision®, offering vibrant colour, sharp images, and improved contrast for stunning clarity and detail. Enjoy cinema-quality visuals, just as the filmmakers intended.

3500 ANSI Lumens Brightness

Transform your home entertainment with the Hisense 4K Laser Cinema PX4 Pro's 3500 ANSI Lumens brightness. This feature delivers a bright, vivid, and colourful viewing experience, making every movie night, gaming session, and TV show truly unforgettable.

Cinema Origin Tech

Built on the same DLP projection and RGB Triple Laser technologies trusted by the world's leading cinemas, PX4 Pro recreates movies with stunning color, contrast, and detail to bring the director's vision home with an authentic cinematic experience.

6500:1 Native Contrast

Equipped with an adjustable 7-level Iris lens and specialized optical coating, PX4 Pro achieves an outstanding 6500:1 native contrast ratio. By enhancing brightness, uniformity, and contrast while minimizing glare, it delivers deeper blacks, brighter whites, and exceptional shadow detail for a more immersive, true-to-life viewing experience.

Ultra Short Throw Technology (0.2 Throw Ratio)

The Hisense PX4 Pro UST projector, with a 0.2 throw ratio, saves space with its close-to-wall placement. It offers easy setup with minimal cabling and provides bright, clear images even in well-lit rooms. Additionally, it eliminates shadows, ensuring that people walking in front of the screen won't cast distractions, creating a more immersive viewing experience.

LPU™ Digital Laser Engine

Experience the award-winning Hisense LPU™ (Laser Projection Unit) Digital Laser Engine with its triple laser light source, delivering ultra-realistic colours and unparalleled immersion. Enjoy super wide colour gamut, high colour accuracy, and enhanced visuals with real-time Pro AI Algorithms for brightness, contrast, and noise reduction.

CineBlack Pro System

Hisense-exclusive CineBlack Pro combines a 6500:1 native contrast ratio, Dynamic Grayscale Technology, and the EBL algorithm to deliver deeper blacks, richer shadow detail, and a more immersive cinematic experience in dark scenes.
