C3 Ultra Series

C3 Ultra

Hisense 4K Triple Laser Mini Projector

Introducing the Hisense C3 Ultra Smart Mini Projector. Turn any space into a cinema with an adjustable 65”–300” screen in stunning 4K UHD. The Hisense Gimbal Design offers effortless 360° horizontal and 260° vertical adjustment, so you can project almost anywhere. At 4000 ANSI Lumens, every movie, game and show stays bright and vivid. A 5000:1 native contrast delivers deeper blacks and brighter whites, while 7 levels of IRIS control keep shadows detailed at any screen size. Triple Laser Light Source and 4K AI upscaling bring it all into sharp focus. Big-screen cinema, wherever you set it down.

65”-300” Adjustable Projection Size

Transform your movie nights with an incredible projection size ranging from 65” to a massive 300” in stunning 4K UHD resolution.

7 Levels IRIS

The C3 Ultra delivers clearer, sharper projection with more detailed shadows and deeper blacks in any lighting condition and at any screen size, thanks to 7 levels of IRIS control and Precise Adjustment.

4000 ANSI Lumens Brightness

Transform your home entertainment with the Hisense 4K C3 Ultra’s 4000 ANSI Lumens brightness. This feature delivers a bright, vivid, and colourful viewing experience, making every movie night, gaming session, and TV show truly unforgettable.

Triple Colour Laser (Trichroma)

Witness incredibly vivid colours right before your eyes with advanced triple laser technology. RGB pure laser and 118% BT.2020 (ultra-wide cinematic colour range) deliver unmatched depth, richness, and true-to-life visuals.

5000:1 Native Contrast

Embrace the power of a 5000:1 native contrast. Deeper blacks, brighter whites—unlocking a super-wide contrast range that unveils ultimate black and white performance, ensuring subtle nuances during transitions.

4K AI Upscaling

With 4K AI upscaling, lower-resolution content is elevated to deliver a stunning viewing experience with enhanced sharpness and detail. It’s remarkable how much more each pixel can achieve.

Hisense Gimbal Design

Easily adjust the projector to the perfect viewing angle using a gimbal that offers 360° horizontal and 260° vertical movement. Seamlessly project movies on both screens and ceilings for a versatile viewing experience.

4K Lossless Optical Zoom

Adjust the zoom without losing any sharpness or clarity. The flexible 0.9–1.5:1 throw ratio ensures the image stays in 4K, no matter how much you zoom in or out.
